At the farm, 2½ miles north on Highway No. 57

**Carl Junction, Missouri
S E L L I N G**

7 Bulls

37 Females

The weighty influence of such bulls as Dreadnaught Wrangler, Edellyn Baron Command, Strowold Favorite Count and the present herd sire, Imported Uppermill Lochter, figure prominently in this offering. All were great show bulls or sires of outstanding show cattle. Uppermill Lochter, sire of the 1949 Illinois State Fair Reserve Grand Champion female, has been referred to as one of the hottest bred bulls in America and is proving himself a great sire of bulls and heifers.

7 BULLS, sons of the Ozark Empire grand champion, Strowold Favorite Count, by Imported Lawton Favorite. They are out of dams by Edellyn Baron Command, Sni-A-Bar Red Baronet and Dreadnaught Wrangler. One two-year old, E M Favorite Comet, reserve champion bull at the 1950 Springfield Fair, the others are all strong yearlings ready for heavy service with plenty of substance, scale and smoothness.

37 FEMALES, impressive in individuality and breeding. 15 daughters of Strowold Favorite Count, 10 by Edellyn Baron Command and others by Millhills Senator, Beauford Command and Garguston Cock Robin. 15 COWS WITH CALVES AT FOOT, real three-in-one buying opportunities. 17 BRED HEIFERS AND COWS, close to calving to the services of Uppermill Lochter. 5 OPEN HEIFERS, including several real show prospects.

Here is a practical set of cattle with plenty of size and substance that will please the breeder that produces show cattle as well as the commercial cattleman. Everything sells in strong flesh just off pasture, T. B. and Bangs tested.

From The Owner

We cordially invite you to attend our Production Sale here at Edna-Mae Farm, Sept. 29th. We've been striving to produce a useful middle of the road type of cattle that will please the breeder that produces show cattle as well as the commercial cattleman.

We feel that the bulls we have used have gone far in reaching this goal.

The herd has been culled from time to time. We have only kept top bred, good producing, good milking females in our breeding herd. The breeding herd is kept under ordinary farm conditions, maintained on grass, silage and hay.

The cattle for the most part will sell just off the pasture, that will enable the purchaser to buy them at prices, where they are sure to make him money.

The Shorthorn is truly the farmer's cow, having the ability to produce high quality beef as well as ample milk supply. Having excellent dispositions and plenty of weight for age. The world's greatest herds of high class range cattle in the Argentine are mostly Shorthorns.

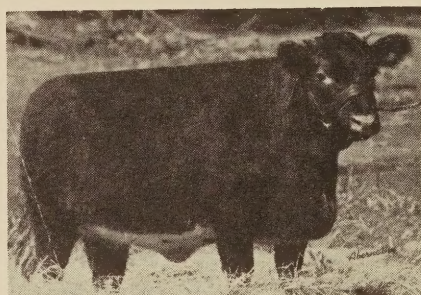

We understand that in Great Britain, where economically production is so important, that Shorthorns furnish the main supply of milk. The ultimate disposal of all cattle breeds is for beef. Soil conservation is essential and grass is the greatest conservator of soil. Good Shorthorn cattle will make this grass profitable for you.

We hope you will honor us by attending our sale.

Former Herd Sires

DREADNAUGHT WRANGLER

DREADNAUGHT WRANGLER

A great show and breeding bull by the many times grand champion Dreadnaught Salute. His dam by Imp. Cudham Dreadnaught was a great show cow of her day that probably never stood lower than third in her class at major shows, she was a very typy, low set, deep, thick cow, that might defeat the great Belle of Leveldale in today's shows. Wrangler himself stood third in a strong class of sixteen at the American Royal. The champion, Divide Sensation, headed this class.

EDELLYN BARON COMMAND

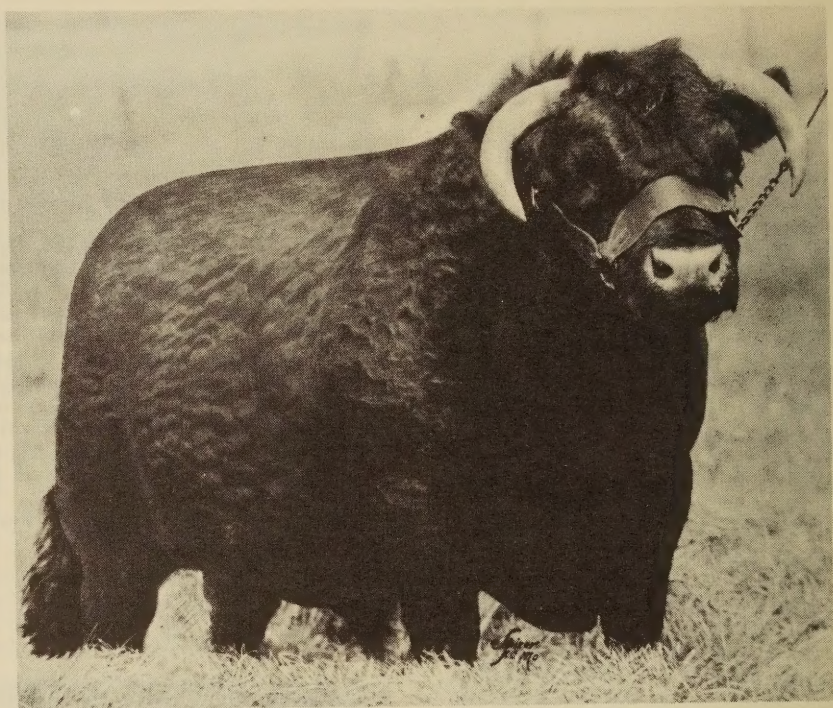

A half brother to the sire of Tomahawk, international champion steer by Imp. Edellyn Command, proved an excellent sire in our herd. There will be 10 of his beautiful daughters selling in this sale that are the right type, deep fleshed and good milkers. His dam by Browndale Standard, was the top selling female in the late Ed Logsdon dispersion sale, and the granddam being the second top.

STROWOLD FAVORITE COUNT

Reference Sire A

STROWOLD FAVORITE COUNT is just the kind of a bull as his picture shows him, deep, thick and rugged, few bulls are smoother or better headed or heavier boned. Good cattlemen have called him one of the very best sons of Lawton Favorite. He has certainly proved himself a sire of good doing, good headed, uniform cattle of both sexes that are the real cattleman's kind. His dam, was a very typy, good milking cow by the great show bull Gaffer's Count, shown by W. C. Anderson & Son, West Liberty, Iowa. Her full sister in the Strowold herd has been producing top selling cattle for Reuben Strother of Bowling Green, Missouri.

IMP. UPPERMILL LOCHTER — is a grand red bull, selected by Les Mathers from the James Durno herd of Scotland, for Ben Lake, Athens, Illinois, where he sired uniform, outstanding, dark colored calves, one of which was shown by Les Mathers and won reserve championship at the Illinois State Fair. He was used jointly in the Ralph Bivins herd in Illinois, where he also sired outstanding, top selling calves. The young calves by him in our own herd, I am sure you will agree are very pleasing. His sire Comet, and Edellyn Royal Leader and Imp. Norseman all by Coldoch Sensation, proved sensational sires for their owners. His dam, Loraine, is a full sister to the great Scottish bull Leopold. You will note that every bull in his pedigree is an internationally known famous sire. Lochter has been referred to as one of the hottest bred bulls in America and is proving himself a great sire of both sexes.

ORANGE LENA 2d — is a good, deep, thick cow, that produces outstanding calves. We are keeping a daughter and granddaughter in the herd. Through carelessness we lost her beautiful red heifer calf by Lochter. Rebred to Lochter July 12th.

Daughter of Will-O-Pat Marietta 2d, Lot No. 14. She will be our senior yearling show heifer next year.

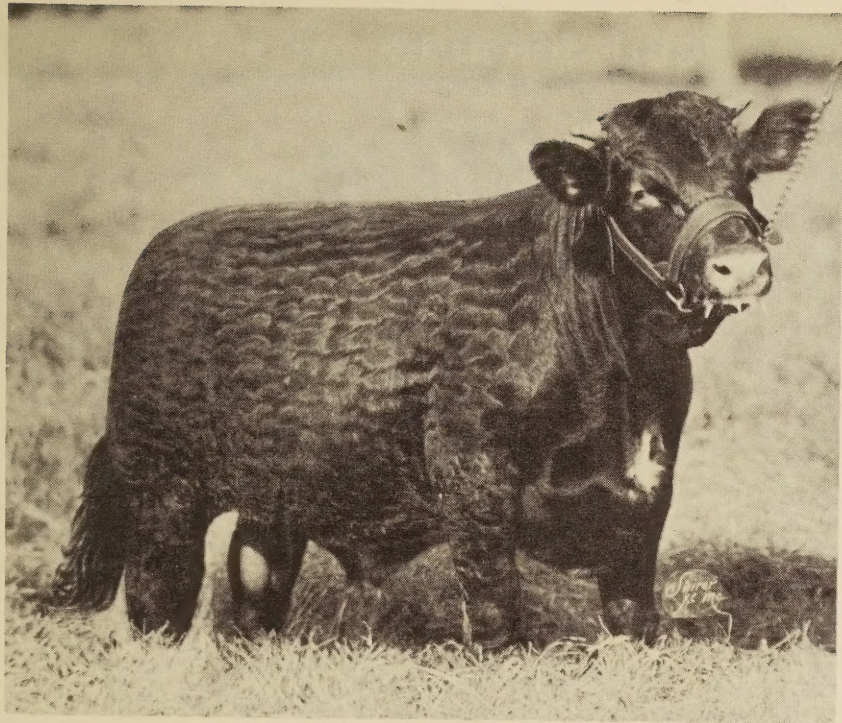

BETTER CALVES . . .

. . . better calves, through better bloodlines and better sires. That's the program J. L. Early has been following in his Edna-Mae Stock Farms herd ever since he started it in 1918 in Greenville, Illinois. I believe you can gauge the improvement he has been making when you inspect this herd and sale offering and notice the uniform "middle-of-the-road" type and quality found in every animal on the farm. It has always been my observation that Jim Early has been an apt student of pedigrees but at the same time he has insisted that the members of his breeding herd include ample beef and milk making qualities.

I believe buyers will like the practical manner in which the Edna-Mae herd is handled and the way this sale offering has been conditioned. I urge prospective buyers to study this catalog carefully and note the wealth of good breeding that has gone into every lot being offered and if possible stop in and inspect the cattle prior to sale day. Remember that Edna-Mae Stock Farm wants you to be their guest on Saturday, September 29th. And I repeat again, that this is a sale where someone will profit . . . it could be you.

EDNA-MAE FAVORITE MERCURY

Our Junior Herd Sire — this outstanding young son of Strowold Favorite Count was calved Dec. 18th, 1950. His dam is a granddaughter of Edellyn Campeon Mercury and Supreme Goldfinder. We think he has the combination of type, quality and breeding to develop into an outstanding sire. His full sister E M Roan Lady was champion female at the 1950 Ozark Empire Stock Show.
